Angela, Trip Advisor

"We've stayed at CPI several times and I loved it so much, we chose it for our wedding venue. It was just perfect! To book for a wedding there, you have to rent the whole resort, which makes it very private having the whole place to yourselves. The staff is outstanding – Tracey, Ashley, and others are just like family. They made our special day just perfect! CPI is a boutique hotel with nicely decorated rooms, continental breakfast, heated pool, in a beautiful waterfront setting with palms, piers, nearby marina. Fun (free) activities – swimming, fishing, kayaks, paddle boarding, bicycles, fishing, corn hole, hammocks, ping-pong and Jenga - something for everyone. All rooms have a mini fridge, microwave, and some have cooktops or mini kitchens. Guests are welcomed with rum punch, nightly wine, and s'mores by the fire pit. CPI is our home away from home!"

"If you want to get married in a magical place, look no further! The venue is beautiful and the staff at the Coconut Palm Inn were SO accommodating to any of our requests. We're coming back, my new husband only dreams of coming back so we can relive our wedding day. Thank you all so much!"

"We knew we wanted to have our wedding at an intimate resort in Key Largo, where we would be able to rent out the entire space for the weekend. Our planner recommended Coconut Palm Inn and on our first visit, we knew this was the perfect fit! It is absolutely dreamy and intimate. The grounds and rooms are impeccable. Tracy, the General Manager, and her team, went above and beyond to ensure all of our guests were comfortable and well taken care of. We held our welcome dinner and wedding on property and while we took over the whole property for three nights, we, along with some of our family members, stayed for 10 days and would have enjoyed staying even longer! The overall ambiance is just amazing and our guests commented it was the best wedding they had ever been to!"

"Classy, private, low key, gorgeous, and an unbelievable setting for a wedding. I was fortunate to have my wedding at Coconut Palm Inn and they were amazing and couldn't have been more perfect! We are thrilled with how they treated us and our guests. Thank you again for a wonderful experience and we both highly recommend your venue to everyone wanting their own private intimate slice of heaven for their wedding day!"
